DAB Accessories

what's in this section

DAB RADIO ADAPTORS

Autoleads DAB Radio Adaptors expand your music selection. From DAB/DAB+, to streaming music from your device, our receivers set you up for ultimate music in your vehicle.

You can also choose hands-free calling with the ADI-300 plus access your mobile device's personal assistant. Our quality, user friendly receiver is easy to install and provides you with everything you need to start enjoying digital radio in your vehicle straight from the box.

DAB ANTENNAS & ADAPTORS

All Autoleads DAB Antennas, Amplifiers and Splitters are terminated with SMB (Female) which suits the majority of head units in the marketplace and are made in a right angled style to ease fitting to the rear of head units.

A range of interconnects are also available to connect any antenna to any head unit; again they have right angled connectors to the head unit and 200mm of cable to make the install simple.

what is DAB...

DAB stands for Digital Audio Broadcasting. It is a way of broadcasting radio via a network of digital transmitters. It provides listeners with more choice, high quality digital sound and more information.

More Choice

Many more stations than ever before are now available. Most listeners in the UK can now receive between 30 and 50 radio stations with a digital radio, in many cases more than double the amount currently available through analogue. DAB is more efficient in its use of spectrum than analogue FM radio, and may offer more radio services for the same given bandwidth.

More Information...

Have you ever heard a song on the radio and wanted to know who it is..... Or tuned into a radio show and wanted to know what the programme is about or who is speaking?

Well with DAB you can. Some DAB stations even send information about latest news, sports scores, what's on now and next, website addresses and even phone numbers.

ADI-300
Digital Radio Adapter

In vehicle DAB/DAB+ receiver with music streaming and hands-free calling

Expand your music selection with the Autoleads Digital Radio Adapter. From DAB/DAB+, to streaming music from your device, our receiver sets you up for ultimate music in your vehicle. Our Digital Radio Adapter also adds hands-free calling to your vehicle and access to your mobile device's personal assistant. Our quality, user friendly receiver is easy to install and provides you with everything you need to start enjoying digital radio in your vehicle today.

- ▶ DAB/DAB+ digital radio
- ▶ DAB Band III Frequency range
- ▶ Handsfree Calling
- ▶ Music Streaming
- ▶ AUX Input
- ▶ Micro SD Card
- ▶ Built in FM transmitter
- ▶ 20 digital radio presets
- ▶ Easy Plug & Play installation

* Digital windscreen antenna included

ADI-100
Universal DAB Receiver (FM Modulator)

The ADI-100 DAB receiver is operated using a remote controller, while all messages related to the system's operations, such as service name, memory preset, etc, are converted to RDS text and displayed on the LCD screen of your in-car audio system.

- ▶ DAB/DAB+ digital radio channels
- ▶ DAB Band III Frequency range
- ▶ Built-in FM-RDS transmitter
- ▶ 4 DAB Radio Memory Presets
- ▶ Info displayed on vehicle display
- ▶ Wireless RF controller
- ▶ AFC (Automatic Frequency change)
- ▶ Aux input
- ▶ Easy Installation

* DAB antenna required. We recommend the DAB-AA1 - See Page 284

All Autoleads DAB Antennas, Amplifiers and Splitters are terminated with SMB (Female) which suits the majority of head units in the marketplace and are made in a right angled style to ease fitting to the rear of head units. A range of interconnects are also available to connect any antenna to any head unit; again they have right angled connectors to the head unit and 200mm of cable to make the install simple.

On the following pages there is an easy guide to recognising the various connectors and genders used in digital product termination whether SMB, SMA or F-type.

Know your connector

DAB-AA1
Windscreen Mount Active DAB Antenna
 SMB Female (Right Angle)
 Length - 3.5m

DAB-AA2
Windscreen Mount Active DAB Antenna
 MCX Male Connector
 Length - 3.5m

DAB-AAMP1
FM DAB Splitter
 SMB Female to SMB Male
 Length - 3.5m

DAB-BS1
DAB & FM Bee Sting Antenna
 Male DIN & SMB Female
 Length - 3.5m

DAB-KIT1
FM DAB Splitter & Replacement Mast
 SMB Female

DAB-MA2
Magnetic Mount DAB Antenna
 SMB Female

DAB-RET1
DAB Retention Antenna Adaptor
 FAKRA to SMB Female
 Length - 3.5m

DAB-SF1
DAB & FM Shark Fin Antenna
 Male DIN & SMB Female

DAB-SPT1
FM DAB Splitter
 SMB Female

DAB-TA1
T-Bar Active DAB Antenna
 SMB Female (Right Angle)
 Cable Length - 3.5m

DAB-ADAPT1
SMA Male Right Angle to SMB Male DAB Antenna
 Length - 200mm

DAB-ADAPT2
SMA Male Right Angle to F-Type Female
 Length - 200mm

DAB-ADAPT3
SMA Female to SMB Female Right Angle
 Length - 200mm

DAB-ADAPT4
SMA Female to F-Type Male Right Angle Antenna
 Length - 200mm

DAB-ADAPT5
SMA Female to SMA Male Right Angle Antenna
 Length - 200mm

DAB-ADAPT6
SMB Male to MCX
 Length - 200mm
